CAREER GOAL

I'm looking to obtain a position working in IT, where I will have the opportunity to expand my knowledge and technical training while helping others.

CERTIFICATIONS

- CompTIA Security+
- CompTIA Network+
- CompTIA Linux+
- Hurricane Electric IPv6

TECHNICAL QUALIFICATIONS

- Practical use of both Microsoft Windows and Linux operating systems
- Self-taught HTML, CSS, and some PHP/MySQL
- Worked with Cisco Systems networking equipment
- Planned, created, documented, and repaired both wired and wireless networks
- Created various open source PHP/MySQL applications that can be found on my website
- Setup a personal website on a Linux server which I maintain in order to learn on my own
- Experience using and configuring many Linux network services such as httpd (Apache), iptables, lighttpd, ntpd, mysqld, bind/named, pptpd, openvpn, postfix, proftpd, vsftpd, sshd, and tftpd

EXPERIENCE

Linux Technical Support
Linode, LLC

Galloway, NJ
July 2010 - Present

- Awesomeness
- Providing technical support to customers via phone, e-mail, and support tickets

IT Intern
Patient Advocate Foundation

Newport News, VA
March - April 2010

- Created multiple web applications using PHP and MySQL that eased management of data for both the Lead Web Developer and Human Resources
- Wrote documentation on porting (P2V) a physical Linux server to a virtual image using VMWare and vCenter Server software
- Helped setup datacenter as the company moved to a new location
